- 1.2. **“Maintenance”** means Software Update, Software Upgrade and Technical Support.
- 1.3. **“Software Update”** means a minor improvement, patch, security fix or a service pack for an existing version of the Software.
- 1.4. **“Software Upgrade”** means a major release or a new version of the Software that introduces new material features or significant improvements over the previous version. The Licensor shall in its discretion determine how and when to release a new Software Upgrade. The Licensee must always have all of its installations of the Software for which the Licensor offers Maintenance (including respective subsequent additionally licensed Software) fully covered by the Maintenance subscription.
- 2.5 If the Licensee has acquired its Maintenance subscription through an Authorized Dealer, first line Technical Support, including assessment of the issue and using reasonable efforts to provide a suitable solution shall be provided by the Authorized Dealer. Additional support and services may also be provided separately by the Authorized Dealer and the Licensor shall not be liable to the Licensee with respect to such support and services.

3. LIMITATION OF REMEDY

- 3.1 The Licensee's sole and exclusive remedy for an Error is the following.
- 3.2 The Licensor shall through commercially reasonable efforts and within reasonable time in relation to the severity and complexity of the matter (as determined by the Licensor in its sole discretion) provide the Licensee with a Software Update or other comparable solution that resolves the Error. The Licensee shall for this purpose cooperate and provide reasonable assistance to the Licensor with investigating and resolving the Error.
- 3.3 The Licensee may terminate this Agreement if the Licensor has failed to resolve the Licensee's issue with the Error according to Section 3.2 within sixty (60) days from written notice of such failure was provided to the Licensor. Upon termination, the Licensee shall be entitled to a refund equal to the monthly fee paid by the Licensee for the Maintenance subscription multiplied by the number of months remaining in the current Maintenance term for the affected Software.
- 3.4 Additional details regarding the above rights and obligations of the Parties are included in the Supplemental Maintenance Terms.

744.23(a)(5), and thereby falling outside the scope of the restrictions under the EAR 15 CFR § 744.23.
